CLASSIFICATION DEFINITIONS

1. Auditorily Impaired (AI) corresponds to “auditorily handicapped” and further corresponds to the Federal eligibility categories of deafness or hearing impairment. Auditorily impaired means an inability to hear within normal limits due to physical impairment or dysfunction of auditory mechanisms characterized by (c) i or ii below. An audiological evaluation by a specialist qualified in the field of audiology, and a speech and language evaluation by a certified speech-language specialist are required.

i. Deafness (DB) - The auditory impairment is so severe that the student is impaired in processing linguistic information through hearing, with or without amplification and the student's educational performance is adversely affected.

ii. Hearing impairment - An impairment in hearing whether permanent or fluctuating which adversely affects the student's educational performance.

2. Autistic (AU) - means a pervasive developmental disability, which significantly impacts verbal and nonverbal communication, and social interaction that adversely affects a student's educational performance. Onset is generally evident before age three. Other characteristics often associated with autism are engagement in repetitive activities and stereotyped movements, resistance to environmental change or change in daily routine, unusual responses to sensory experience and lack of responsiveness to others. The term does not apply if the student's adverse educational performance is due to emotional disturbance as defined in (c) 5 below. A child who manifests the characteristics of autism after age three may be classified as autistic if the criteria in this paragraph are met. An assessment by a certified speech-language specialist and an assessment by a physician trained in neuro developmental assessment are required.

3. Cognitively Impaired (MR) - corresponds to “mentally retarded” and means a disability that is characterized by significantly below average general cognitive functioning existing concurrently with deficits in adaptive behavior; manifested during the developmental period that adversely affects a student's educational performance and is characterized by one of the following:

i. Mild Cognitive Impairment (MIC) -corresponds to “educable” and means a level of cognitive development and adaptive behavior in home, school and community settings that are mildly below age expectations with respect to all the following:

(1) The quality and rate of learning:

(2) The use of symbols for the interpretation of information and the solution of problems; and

(3) Performance on an individually administered test of intelligence that falls within a range of two to three standard deviations below the mean.

ii. Moderate Cognitive Impairment (MOC) - corresponds to “trainable” and means a level of cognitive development and adaptive behavior that is moderately below age expectations with respect to the following:

(1) The ability to use symbols in the solution of problems of low complexity:

HANDICAPPED CHILDREN - PLACEMENTS PUBLIC & NON-PUBLIC (continued)

August 18, 2004

(2) The ability to function socially without direct and close supervision in home, school and community settings; and

(3) Performance on an individually administered test of intelligence that fall three standard deviations or more below the mean.

iii. Severe Cognitive Impairment (SCI)- corresponds to “eligible for day training” and means a level of functioning severely below age expectations whereby in a consistent basis the student is incapable of giving evidence of understanding and responding in a positive manner to simple directions expressed in the child’s primary mode of communication and cannot in some manner express basic wants and needs.

4. Communication Impaired (COM)- corresponds to “communication handicapped” and means a language disorder in the areas of morphology, syntax, semantics and/or pragmatics/discourse which adversely affects a students educational performance and is not due primarily to an auditory impairment. The problem shall be demonstrated through functional assessment of language in other than a testing situation and performance below 1.5 standard deviations, or the 10th percentile on at least two standardized oral language tests, where such tests are appropriate. When the area of suspected disability is language, assessment by a certified speech-language specialist and assessment to establish the educational impact are required. The speech-language specialist shall be considered a child study team member.

i. When it is determined that the student meets the eligibility criteria according to the definition in (c) 4 above, but requires instruction by a speech-language specialist, only the student shall be classified as eligible for speech-language services.

When the area of suspected disability is a disorder of articulation, voice or fluency, the student shall be evaluated according to N.J.A.C. 6A:14-3.4(e) and if eligible, classified as eligible for speech-language services according to N.J.A.C. 6A:14-3.6(a).

5. Emotionally Disturbed (ED) - means a condition exhibiting one or more of the following characteristics over a long period of time and to a marked degree that adversely affects a students educational performance due to:

i. An inability to learn that cannot be explained by intellectual, sensory or health factors;

ii. An inability to build or maintain satisfactory interpersonal relationships with peers and teachers;

iii. Inappropriate types of behaviors or feelings under normal circumstances;

iv. A general pervasive mood of unhappiness or depression; or

HANDICAPPED CHILDREN- PLACEMENTS PUBLIC & NON-PUBLIC (continued)

August 18, 2004

v. A tendency to develop physical symptoms or fears associated with personal or school problems.

6. Multiply Disabled (MD)- corresponds to “multiply handicapped” and means the presence of two or more disabling conditions. Eligibility for speech-language services, as defined in this section, shall not be one of the disabling conditions (for classifications) based on the definition of multiply disabled. Multiply disabled is characterized as follows:

i. “Multiple disabilities” means concomitant impairments, the combination of which causes such severe educational problems that programs designed for the separate disabling conditions will not meet the student’s educational needs.

ii. “Deaf/blindness” means concomitant hearing and visual impairments, the combination of which causes such severe communication and other developmental and educational problems that cannot be accommodated in special education programs solely for students with deafness or students with blindness.

7. Orthopedically Impaired (OI) - corresponds to “orthopedically handicapped” and means a disability characterized by a severe orthopedic impairment that adversely affects a student’s educational performance. The term includes malformation, malfunction or loss of bone, muscle or tissue. A medical assessment documenting the orthopedic condition is required.

8. Other Health Impaired (OHI) - corresponds to “chronically ill” and means a disability that may be characterized by having limited strengths, vitality or alertness, due to chronic or acute health problems, such as a heart condition, tuberculosis, rheumatic fever, nephritis, asthma, sickle cell anemia, hemophilia, epilepsy, lead poisoning, leukemia, diabetes or any other medical condition, such as Tourette Syndrome, that adversely affects a student’s educational performance. A medical assessment

9. Preschool Disabled (PS) - corresponds to preschool handicapped and means an identified disabling and/or a measurable developmental impairment which occurs in children between the ages of three and five years, and requires special education and related services.

10. Social Maladjustment (SM) - means a consistent inability to conform to the standards for behavior established by the school. Such behavior is seriously disruptive to the education of the student or other students and is not due to emotional disturbances as defined in (c)5 above.

11. Specific Learning Disability (SLD) - corresponds to “perceptually impaired” and means a disorder in one or more of the basic psychological processes involved in understanding or using language, spoken or written, that may manifest itself in an imperfect ability to listen, think, speak, read, write, spell, or to do mathematical calculations.

i. It is characterized by a severe discrepancy between the student’s current achievements and intellectual ability in one or more of the following areas:

- (1) Basic reading skills;
- (2) Reading comprehension;
- (3) Oral expression;
- (4) Listening comprehension;

August 18, 2004

- (5) Mathematical computation;
- (6) Mathematical reasoning; and
- (7) Written expression.

ii. The term does not apply to students who have learning problems that are primarily the result of visual, hearing, or motor disabilities, general cognitive deficits, emotional disturbance or environmental, cultural or economic disadvantage.

iii. The district shall adopt procedures that utilize a statistical formula and criteria for determining severe discrepancy. Evaluation shall include assessment of current academic achievement and intellectual ability.

12. Traumatic Brain Injury (TBI) - corresponds to “neurologically impaired” and means an acquired injury to the brain caused by an external physical force or insult to the brain, resulting in total or partial functional disability or psychosocial impairment, or both. The term applies to open or closed head injuries resulting in impairments in one or more areas, such as cognitive; language; memory; attention; reasoning; abstract thinking; judgment; problem-solving; sensory, perceptual and motor abilities; psychosocial behavior; physical functions; information processing; and speech.

13. Visually Impaired (VI) - corresponds to “visually handicapped” and means impairment in vision that, even with correction, adversely affects a student’s educational performance. The term includes both partial sight and blindness. An assessment by a specialist qualified to determine visual disability is required. Students with visual impairments shall be reported to the Commission for the Blind and Visually Impaired.

CURRICULUM

August 18, 2004

14. BLUE SKY PUPPET THEATRE ASSEMBLY PROGRAM – AUGUSTA STREET SCHOOL

RESOLVED, that the Board of Education accepts the recommendation of the Superintendent and approves the following assembly program at Augusta Street School for the 2004-2005 school year:

PhaseShifters, October 21, 2004, for one performance of 45 minutes from 1:15 pm to 2:00 pm for grades K-5 at a cost of \$600.00. This program is to be provided by professional artists with the Blue Sky Puppet Theater from University Park, Maryland. This program will be paid from WSR account # 15-000-211-800-000-00-01.

36. LRFP AMENDMENT – APPROVAL

WHEREAS, the District’s Long Range Facilities Plan originally approved January 18, 2001 pursuant to NJSA 18A:7G-4© have been amended and said amendments have been approved by the DOE, as follows:

- Revised school models to include Pre-K in all schools with the exception of the University Six School which will remain K-5 (there will be a total of 27 in-district classrooms for pre-Kindergarten children including classrooms for special education)
- The District shall establish procedures and develop a process, based on program quality and fiscal stability, for selection of providers who have expressed interest in being included in the LRFP
- Extend an invitation to private community providers, including Head Start to be part of the District’s facilities
- The Augusta Street School should be used as swing space from September 5, 2005 to June 7, 2007 and converted into an Early childhood Facility starting in September 7, 2007 unless the schedule is such that it will have to be used for swing space after that date due to a lack of swing space in the district or delays in the construction schedule. This facility should first be offered to non-profit community providers or Head Start before it can be used as an in-district Early Childhood Facility
- Current enrollment projections has resulted in the approval of the Rehabilitation and Addition to the Grove Street School.

WHEREAS, official notification came from Mr. Anthony Burn, Manager at the Office of Facilities.
