

Irvington High School Cosmetology Academy

The Irvington High School Cosmetology Academy is contributing to the growth of the billion-dollar beauty industry one senior class at a time. During this three-year rigorous CTE training, under the guidance of a state licensed industry professional, students will acquire the essentials needed to obtain a New Jersey State Cosmetology License upon graduation.

"I'm excited to share my love of the beautification of hair, skin and nails with my students. This program exposes students to entrepreneurship, self-awareness, and confidence while gaining the skills needed to go directly into the industry after graduation."

-Ms.Tripp

This year's 2015-2016 IHS Cosmetology Academy is honored to have assisted Emily Casuss with taking her State Board of Cosmetology Exam on May 21, 2016. She is expected to receive her actual license in the summer. Congratulations Emily Casuss on becoming a New Jersey licensed cosmetologist.
