Board President Romaine Graham reported that in accordance with P.L. 1975, Chapter 231, adequate notice of this meeting was posted in the Administration Building and copies of said notice sent to the Irvington Herald, the Star Ledger, and Township Clerk.

Sandra Boone-Gibbs, Principal of University Elementary School welcomed all in attendance acknowledging especially the scholars, the scholar leaders and the parents of University Elementary School. Joining her was Zariah Jones representing University Elementary School Honor Society, Student Council, Intellectually Gifted and Member of Cheer Program, along with Eyitayo Ajibola who was representing the Intellectually Gifted Program, the Basketball Team, the Safety Patrol and the Young Gentlemen's Club. Zariah and Eyitayo expressed that one of the school's goals was to instill the importance of UES's expectations of Hawks, Helpers, Achievers, Worthy, Kind and Scholars. They were rewarded daily for their conduct and their participation. They explained the scholar leaders helped them to increase academic achievement by teaching via technology with the use of laptops, interactive white boards, learning centers in math and reading addressing the various learning styles and providing after school programs such as Read 180 and the Enrichment Program. They invited all to attend the basketball games of the new University Elementary Basketball Team, the Science Fair on 6/15, and the Kindergarten and 5<sup>th</sup> grade moving up ceremonies on 6/19.

The second grade Fresh Fruit and Vegetable Ambassadors got to introduce themselves and to distribute samples of what they had a few days a week. This was due to a grant University Elementary School was awarded. The presentation was concluded by the UES Hawks Cheer and Step Team performing an original styling of “Win, Win, Win”.

### SUPERINTENDENT’S REPORT

Dr. Neely Hackett began her report by acknowledging the University Elementary School Staff, the parents and the students. She said it was a wonderful thing to see the future in the eyes of the students and she could see that in the eyes of the two students who brought greetings displaying what went on at University Elementary School. She stated to the parents of the young lady who lead the rap “Win, win, win” “Great Job”! She pointed out the young lady was nervous until she got the microphone, then she became “Sasha Fierce” like Beyoncé. Finally she said to Ms. Boone-Gibbs that she gave wonderful presentation and thanked her for showing what was going on at University Elementary.

Dr. Hackett turned her report to the Student Trustees; bringing attention to a replacement for the evening, Cadet Seepersad.

Marod Seepersad began his report by noting that since the last board meeting the following things occurred. May was the month they learned the character trait of Trustworthiness. Advisory lessons and various other activities allowed students to better understand this trait for their social and emotional development. The field trips enjoyed by the IHS students were the Repertorio Espanol Play in New York City, the Guggenheim Museum and Brookdale College. He said Marking Period 4 began April 17th, as always grades and attendance could be accessed through the Parent and Student Portal in real time. Approximately 167 out of 1367 students received honor roll or super honor roll for Marking Period 3. This represented 12% of the student body. May 2nd IHS Art Students had their art work displayed in the Irvington Library. There was also a beautiful dance and musical program enjoyed by the community. May 10th the Visual and Performing Arts Program had their end of the year program for parents, friends and the community. Also on May 10th, the Athletic Department inducted the Class of 2018 to the Irvington High School Athletic Hall of Fame.

Faith Northern, Student Trustee stated the students of the Month for March were Malejah McBean and Kadejah Hughes. May 5th 175 juniors took the SATs which were paid for by a College and Career Grant. On Spring Sports, Girls’ Softball qualified for the State Tournament. Senior Nafelli Knights won the best teammate award sponsored by the Super Essex Conference. Boy’s Baseball and Tennis had a good season. Boy’s Track ran in the Penn Relays and did very well. The 4x4 relay team took 1<sup>st</sup> place. Dwight Henry also won the section Championships in the 100 meter and 200 meters. She said Girl’s Track ran in the Penn Relays and did well. NJSIA Science testing took place May 8th and 9th. The JROTC and other clubs will participate in the Township Memorial Day Parade May 28th.

Dr. Hackett continued her report with the following:

### **ARMY SENIOR RESERVE OFFICERS’ TRAINING CORPS SCHOLARSHIP-OBODAI ANNAN**

Cadet Obodai Annan (O Ba Dye a--- Anon), grade 12 student won the Navy Senior Reserve Officers’ Training Corps (SROTC) scholarship. The total value of this scholarship is \$133,000.00. Obodai will attend the University of Pittsburg free and receive a monthly stipend. The end result of his scholarship will be his commission to the rank of Second Lieutenant in the United States Army.

Obodai is an extremely well rounded young man. His current GPA is 3.94 with a class rank of number 8. Obodai has been a member of the JROTC program for two years. Obodai has won the NJ JROTC Cadet Leadership Challenge Math and Science medal. He also participates in the high school band as a tuba player.

Obodai is an award-winning member of the Consumer Bowl Team (3 years). He is also a member of the National Honor Society and a track and field medalist for the Irvington High School track team.

Outside of Irvington High School, Obodai is a member of the Irvington Rotary Club and he participated in the Student Diplomacy Corps Study Abroad program last summer in which he received a scholarship to study in Uruguay.

Sgt. Craig, Army Instructor at Irvington High School said this was his 13th year with the JROTC Program and he was excited to say the high had two students receiving this national scholarship. He noted this cadet applied to 33 schools and received 33 acceptances. His total scholarship earnings was close to a half million dollars.

Obodai thanked Sgt. Craig, Maj. Munroe, Cadet Seepersad and many others noting this is the beginning of another step in his success.

Dr. Hackett then brought Dr. Taylor, Director of Athletics forward for the following items:

<b>DEPARTMENT OF ATHLETICS ACKNOWLEDGEMENTS</b>
-------------------------------------------------

1. Elias Brantley, Irvington High School Basketball Coach- Runner Up for Essex County Basketball Coach of the Year
2. Irvington High School Penn Relay Track Team
3. Dwight Henry 100M and 200M Super Essex Conference Champion

Dr. Taylor mentioned IHS 4x4 Relay Team won at the Penn Relays and qualified for the outdoor Nationals in North Carolina.

Coach Marvin Hawkins thanked the Board and Administration for the support the track program received. He noted the number of team and individuals wins the program gathered since he started. With Dwight Henry's wins it put the individual number in the 200s.

Elias Brantley thanked everyone and gave credit for his success to his assistants, the team and the district's support.

Dr. Hackett stated she was at the Chatham game and could not have been any prouder of the coach and the team. She said even as a student Elias was someone very special and he seemed to be sharing those qualities with his team.

April 30, 2018 – Special Board Meeting

### **ACTION:**

Motion by: Ronald Brown, Seconded by: Richard Williams  
Roll Call: Unanimously approved on a roll call vote.

### **PUBLIC COMMENT:**

Ms. Peta-Gaye Anderson addressed item #45, page # 53 Nonrenewal of the Preschool Educational Program Contract with Creative Concepts-Office of Early Childhood. Ms. Anderson noted she was offended by the notion that she would misappropriate funds from the day care center. She explained steps she has taken since opening the center and expressed what cancelling the contract would do for the center and the community.

Charmaine Anderson also addressing item #45, page #53 mentioned that her sister, Peta-Gaye Anderson was a woman of integrity. She said not only in the way she ran the business, but in all she did.

Shekana Knight a teacher since 2014 at Creative Concepts could bear witness that Ms. Anderson was a person of integrity. She was there at the meeting to support her 1000%. She said it would be a disservice to close Creative Concepts.

Ms. Reynolds, an employee of Creative Concepts stated Ms. Anderson was a wonderful Director and that when Ms. Anderson was away due to the death of her son, they were able to step in and operate because of what Ms. Anderson had taught them.

Ms. Anderson's husband spoke on her behalf as well.

CLASSIFICATION DEFINITIONS

1. "Auditorily Impaired" corresponds to "auditorily handicapped" and further corresponds to the Federal eligibility categories of deafness or hearing impairment. "Auditorily impaired" means an inability to hear within normal limits due to physical impairment or dysfunction of auditory mechanisms characterized by (c)1i or ii below. An audiological evaluation by a specialist qualified in the field of audiology and a speech and language evaluation by a certified speech- language specialist are required.

i. "Deafness"--The auditory impairment is so severe that the student is impaired in processing linguistic information through hearing, with or without amplification and the student's educational performance is adversely affected.

ii. "Hearing Impairment"--An impairment in hearing, whether permanent or fluctuating which adversely affects the student's educational performance.

2. "Autistic" means a pervasive developmental disability which significantly impacts verbal and nonverbal communication and social interaction that adversely affects a student's educational performance. Onset is generally evident before age three. Other characteristics often associated with autism are engagement in repetitive activities and stereotyped movements, resistance to environmental change or change in daily routine, unusual responses to sensory experiences and lack of responsiveness to others. The term does not apply if the student's adverse educational performance is due to emotional disturbance as defined in (c) 5 below. A child who manifests the characteristics of autism after age three may be classified as autistic if the criteria in this paragraph are met. An assessment by a certified speech-language specialist and an assessment by a physician trained in neurodevelopmental assessment are required.

3. "Intellectually Disabled" means a disability that is characterized by significantly below average general cognitive functioning existing concurrently with deficits in adaptive behavior; manifested during the developmental period that adversely affects a student's educational performance and is characterized by one of the following:

i. "Mild Intellectual Disability" means a level of cognitive development and adaptive behavior in home, school, and community settings that are mildly below age expectations with respect to all of the following:

- (1) The quality and rate of learning;
- (2) The use of symbols for the interpretation of information and the solution of problems; and
- (3) Performance on an individually administered test of intelligence that falls within a range of two to three standard deviations below the mean.

ii. "Moderate Intellectual Disability" means a level of cognitive development and adaptive behavior that is moderately below age expectations with respect to the following:

- (1) The ability to use symbols in the solution of problems of low complexity;
- (2) The ability to function socially without direct and close supervision in home, school and community settings; and
- (3) Performance on an individually administered test of intelligence that falls three standard deviations or more below the mean.

iii. "Severe Intellectual Disability" means a level of functioning severely below age expectations whereby in a consistent basis the student is incapable of giving evidence of understanding and responding in a positive manner to simple directions expressed in the child's primary mode of communication and cannot in some manner express basic wants and needs.

4. "Communication Impaired" corresponds to "communication handicapped" and means a language disorder in the areas of morphology, syntax, semantics and/or pragmatics/discourse which adversely affects a student's educational performance and is not due primarily to an auditory impairment. The problem shall be demonstrated through functional assessment of language in other than a testing situation and performance below 1.5 standard deviations, or the 10th percentile on at least two standardized language tests, where such tests are appropriate, one of which shall be a comprehensive test of both receptive and expressive language. When the area of suspected disability is language, assessment by a certified speech-language specialist and assessment to establish the educational impact are required. The speech-language specialist shall be considered a child study team member.

i. When it is determined that the student meets the eligibility criteria according to the definition in (c) 4 above, but requires instruction by a speech-language specialist only, the student shall be classified as eligible for speech-language services.

ii. When the area of suspected disability is a disorder of articulation, voice or fluency, the student shall be evaluated according to N.J.A.C. 6A:14-3.4(g) and, if eligible, classified as eligible for speech-language services according to N.J.A.C. 6A:14-3.6(a).

5. "Emotionally Disturbed" means a condition exhibiting one or more of the following characteristics over a long period of time and to a marked degree that adversely affects a student's educational performance due to:

- i. An inability to learn that cannot be explained by intellectual, sensory or health factors;
- ii. An inability to build or maintain satisfactory interpersonal relationships with peers and teachers;
- iii. Inappropriate types of behaviors or feelings under normal circumstances;
- iv. A general pervasive mood of unhappiness or depression; or
- v. A tendency to develop physical symptoms or fears associated with personal or school problems.

6. "Multiply Disabled" corresponds to "multiply handicapped" and "multiple disabilities," and means the presence of two or more disabling conditions, the combination of which causes such severe educational needs that they cannot be accommodated in a program designed solely to address one of the impairments. Multiple disabilities includes cognitively impaired-blindness, cognitively impaired-orthopedic impairment, etc. The existence of two disabling conditions alone shall not serve as a basis for a classification of multiply disabled. Eligibility for speech-language services as defined in this section shall not be one of the disabling conditions for classification based on the definition of "multiply disabled." Multiply disabled does not include deaf-blindness.

7. "Deaf/blindness" means concomitant hearing and visual impairments, the combination of which causes such severe communication and other developmental and educational problems that they cannot be accommodated in special education programs solely for students with deafness or students with blindness.

8. "Orthopedically Impaired" corresponds to "orthopedically handicapped" and means a disability characterized by a severe orthopedic impairment that adversely affects a student's educational performance. The term includes malformation, malfunction or loss of bones, muscle or tissue. A medical assessment documenting the orthopedic condition is required.

9. "Other Health Impaired" corresponds to "chronically ill" and means a disability characterized by having limited strength, vitality or alertness, including a heightened alertness with respect to the educational environment, due to chronic or acute health problems, such as attention deficit disorder or attention deficit hyperactivity disorder, a heart condition, tuberculosis, rheumatic fever, nephritis, asthma, sickle cell anemia, hemophilia, epilepsy, lead poisoning, leukemia, diabetes or any other medical condition, such as Tourette Syndrome, that adversely affects a student's educational performance. A medical assessment documenting the health problem is required.

10. "Preschool Child with a Disability" corresponds to preschool handicapped and means a child between the ages of three and five who either:

i. Is experiencing developmental delay, as measured by appropriate diagnostic instruments and procedures, in one or more of the areas in (c) 10 i (1) through (5) below, and requires special education and related services. When utilizing a standardized assessment or criterion-referenced measure to determine eligibility, a developmental delay shall mean a 33 percent delay in one developmental area, or a 25 percent delay in two or more developmental areas.

- (1) Physical, including gross motor, fine motor and sensory (vision and hearing); (2) Intellectual;
- (3) Communication;
- (4) Social and emotional; and
- (5) Adaptive; or

ii. Has an identified disabling condition, including vision or hearing, that adversely affects learning or development and who requires special education and related services.

11. "Social Maladjustment" means a consistent inability to conform to the standards for behavior established by the school. Such behavior is seriously disruptive to the education of the student or other students and is not due to emotional disturbance as defined in (c) 5 above.

12. "Specific Learning Disability" corresponds to "perceptually impaired" and means a disorder in one or more of the basic psychological processes involved in understanding or using language, spoken or written, that may manifest itself in an imperfect ability to listen, think, speak, read, write, spell, or to do mathematical calculations, including conditions such as perceptual disabilities, brain injury, minimal brain dysfunction, dyslexia, and developmental aphasia.

i. A specific learning disability can be determined when a severe discrepancy is found between the student's current achievement and intellectual ability in one or more of the following areas:

- (1) Basic reading skills;
- (2) Reading comprehension;
- (3) Oral expression;
- (4) Listening comprehension;
- (5) Mathematical calculation;
- (6) Mathematical problem solving;
- (7) Written expression; and
- (8) Reading fluency.

ii. A specific learning disability may also be determined by utilizing a response to scientifically based interventions methodology as described in N.J.A.C. 6A:14-3.4(h)6.

iii. The term severe discrepancy does not apply to students who have learning problems that are primarily the result of visual, hearing, or motor disabilities, general cognitive deficits, emotional disturbance or environmental, cultural or economic disadvantage.

iv. The district shall, if it utilizes the severe discrepancy methodology, adopt procedures that utilize a statistical formula and criteria for determining severe discrepancy. Evaluation shall include assessment of current academic achievement and intellectual ability.

13. "Traumatic Brain Injury" corresponds to "neurologically impaired" and means an acquired injury to the brain caused by an external physical force or insult to the brain, resulting in total or partial functional disability or psychosocial impairment, or both. The term applies to open or closed head injuries resulting in impairments in one or more areas, such as cognition; language; memory; attention; reasoning; abstract thinking; judgment; problem-solving; sensory, perceptual and motor abilities; psychosocial behavior; physical functions; information processing; and speech.

14. "Visually Impaired" corresponds to "visually handicapped" and means an impairment in vision that, even with correction, adversely affects a student's educational performance. The term includes both partial sight and blindness. An assessment by a specialist qualified to determine visual disability is required. Students with visual impairments shall be reported to the Commission for the Blind and Visually Impaired.
