

Regular Board Meeting – March 18, 2020

The Regular Board Meeting of the Irvington Board of Education was held Wednesday, March 18, 2020 at The Administration Building, 1 University Place, 4th Floor Staff Development Room, Irvington, New Jersey 07111. The meeting was called to order by Board President Richard Williams, followed by a flag salute. Due to the Coronavirus Pandemic the meeting was held virtually.

Present were: Annette Beasley
Sysha Benbow
Ronald Brown
Gloria Chison
Gene Etchison
Joseph Sylvain
Audrey Lyon, Vice President
Richard Williams, President

Excused: Luis Antilus

Others: Dr. Neely Hackett, Superintendent of Schools
Reggie Lamptey, CPA, Assistant Superintendent for Business/Board Secretary
Dr. April Vauss, Assistant Superintendent for Curriculum and Instruction
Roger Monel, Associate School Business Administrator
Raymond Hamlin, Board Attorney
Ronald Hunt, Board Attorney
Nathan Vincent, Webmaster

Board President Richard Williams reported that in accordance with P.L. 1975, Chapter 231, adequate notice of this meeting was posted in the Administration Building and copies of said notice sent to the Irvington Herald, the Star Ledger, and Township Clerk.

SUPERINTENDENT'S REPORT

Dr. Neely Hackett began her report by noting we were facing a very troubled time in the country, the pandemic of the coronavirus. She said the Irvington Public Schools was committed to the well-being of each and every child in the district. To that end the district was closed for March 17th to March 27th. She said there would-be real-time updates on the website so she encouraged everyone to regularly check the website. She reported that there would be breakfast and lunch distributed daily at each of the schools from 8:30 to 11:30 daily. She said any child of school age in Irvington could go to one of the district schools and receive a bag of food for breakfast and lunch.

Dr. Hackett went on to say that homework packets were prepared for the students to utilize over the break. She expressed to the parents that students should be doing English for 1 & ½ hours a day, Math for 1 & ½ hours a day, Social Studies for ½ hour and Science for ½ hour. She ended by providing her email for any questions or concerns the parents may have had and advise everyone to please stay safe.

II. RESOLUTION TO APPROVE BOARD MEETING MINUTES

RESOLVED, that the minutes of the Board of Education meeting held on the date as indicated, as corrected and transcribed, be received and filed.

February 19, 2020 - Regular Board Meeting

ACTION:

Motion by: Gene Etchison, Seconded by: Ronald Brown

Roll Call: Unanimously approved on a roll call vote.

PUBLIC COMMENT: (On agenda items only)

A teacher thanked the board for the opportunity to attend the meeting through virtual means.

The Entire Board presented a basket and flowers to Dr. Hackett thanking her for her commitment to Irvington’s children, always putting them first. She was wished much success. President Williams said he watched as she methodically put positive people in place to ensure the best for the district. For that he called her Dr. “Super” Hackett. He said they were sorry to see her go.

Dr. Hackett thanked the board noting that leaving Irvington was to toughest decision she had to make in her entire life. She said she didn’t always get it right but thanked for board for knowing everything she did was with the best interest in the children in mind. She applauded the board for being committed to the best for the district and for helping her making a difficult job a bit easier.

WALK-ON RESOLUTION

Board President Richard Williams noted they needed to deal with an Interim Superintendent and a permanent one because of the uncertainty of when the district would be open again. He said when the word comes from the Governor, the district must be ready to go. With that the walk-on was presented.

BOARD OF EDUCATION RESOLUTION - APPOINTMENT OF SUPERINTENDENT OF SCHOOLS

WHEREAS, the Irvington Board of Education desired to employ Dr. April Vauss as its Superintendent of Schools; and

CLASSIFICATION DEFINITIONS

1. "Auditorily Impaired" corresponds to "auditorily handicapped" and further corresponds to the Federal eligibility categories of deafness or hearing impairment. "Auditorily impaired" means an inability to hear within normal limits due to physical impairment or dysfunction of auditory mechanisms characterized by (c)1i or ii below. An audiological evaluation by a specialist qualified in the field of audiology and a speech and language evaluation by a certified speech- language specialist are required.

i. "Deafness"--The auditory impairment is so severe that the student is impaired in processing linguistic information through hearing, with or without amplification and the student's educational performance is adversely affected.

ii. "Hearing Impairment"--An impairment in hearing, whether permanent or fluctuating which adversely affects the student's educational performance.

2. "Autistic" means a pervasive developmental disability which significantly impacts verbal and nonverbal communication and social interaction that adversely affects a student's educational performance. Onset is generally evident before age three. Other characteristics often associated with autism are engagement in repetitive activities and stereotyped movements, resistance to environmental change or change in daily routine, unusual responses to sensory experiences and lack of responsiveness to others. The term does not apply if the student's adverse educational performance is due to emotional disturbance as defined in (c) 5 below. A child who manifests the characteristics of autism after age three may be classified as autistic if the criteria in this paragraph are met. An assessment by a certified speech-language specialist and an assessment by a physician trained in neurodevelopmental assessment are required.

3. "Intellectually Disabled" means a disability that is characterized by significantly below average general cognitive functioning existing concurrently with deficits in adaptive behavior; manifested during the developmental period that adversely affects a student's educational performance and is characterized by one of the following:

i. "Mild Intellectual Disability" means a level of cognitive development and adaptive behavior in home, school, and community settings that are mildly below age expectations with respect to all of the following:

- (1) The quality and rate of learning;
- (2) The use of symbols for the interpretation of information and the solution of problems; and
- (3) Performance on an individually administered test of intelligence that falls within a range of two to three standard deviations below the mean.

ii. "Moderate Intellectual Disability" means a level of cognitive development and adaptive behavior that is moderately below age expectations with respect to the following:

- (1) The ability to use symbols in the solution of problems of low complexity;
- (2) The ability to function socially without direct and close supervision in home, school and community settings; and
- (3) Performance on an individually administered test of intelligence that falls three standard deviations or more below the mean.

iii. "Severe Intellectual Disability" means a level of functioning severely below age expectations whereby in a consistent basis the student is incapable of giving evidence of understanding and responding in a positive manner to simple directions expressed in the child's primary mode of communication and cannot in some manner express basic wants and needs.

4. "Communication Impaired" corresponds to "communication handicapped" and means a language disorder in the areas of morphology, syntax, semantics and/or pragmatics/discourse which adversely affects a student's educational performance and is not due primarily to an auditory impairment. The problem shall be demonstrated through functional assessment of language in other than a testing situation and performance below 1.5 standard deviations, or the 10th percentile on at least two standardized language tests, where such tests are appropriate, one of which shall be a comprehensive test of both receptive and expressive language. When the area of suspected disability is language, assessment by a certified speech-language specialist and assessment to establish the educational impact are required. The speech-language specialist shall be considered a child study team member.

i. When it is determined that the student meets the eligibility criteria according to the definition in (c) 4 above but requires instruction by a speech-language specialist only, the student shall be classified as eligible for speech-language services.

ii. When the area of suspected disability is a disorder of articulation, voice or fluency, the student shall be evaluated according to N.J.A.C. 6A:14-3.4(g) and, if eligible, classified as eligible for speech-language services according to N.J.A.C. 6A:14-3.6(a).

5. "Emotionally Disturbed" means a condition exhibiting one or more of the following characteristics over a long period of time and to a marked degree that adversely affects a student's educational performance due to:

- i. An inability to learn that cannot be explained by intellectual, sensory or health factors;
- ii. An inability to build or maintain satisfactory interpersonal relationships with peers and teachers;
- iii. Inappropriate types of behaviors or feelings under normal circumstances;
- iv. A general pervasive mood of unhappiness or depression; or
- v. A tendency to develop physical symptoms or fears associated with personal or school problems.

6. "Multiply Disabled" corresponds to "multiply handicapped" and "multiple disabilities," and means the presence of two or more disabling conditions, the combination of which causes such severe educational needs that they cannot be accommodated in a program designed solely to address one of the impairments. Multiple disabilities includes cognitively impaired-blindness, cognitively impaired-orthopedic impairment, etc. The existence of two disabling conditions alone shall not serve as a basis for a classification of multiply disabled. Eligibility for speech-language services as defined in this section shall not be one of the disabling conditions for classification based on the definition of "multiply disabled." Multiply disabled does not include deaf-blindness.

7. "Deaf/blindness" means concomitant hearing and visual impairments, the combination of which causes such severe communication and other developmental and educational problems that they cannot be accommodated in special education programs solely for students with deafness or students with blindness.

8. "Orthopedically Impaired" corresponds to "orthopedically handicapped" and means a disability characterized by a severe orthopedic impairment that adversely affects a student's educational performance. The term includes malformation, malfunction or loss of bones, muscle or tissue. A medical assessment documenting the orthopedic condition is required.

9. "Other Health Impaired" corresponds to "chronically ill" and means a disability characterized by having limited strength, vitality or alertness, including a heightened alertness with respect to the educational environment, due to chronic or acute health problems, such as attention deficit disorder or attention deficit hyperactivity disorder, a heart condition, tuberculosis, rheumatic fever, nephritis, asthma, sickle cell anemia, hemophilia, epilepsy, lead poisoning, leukemia, diabetes or any other medical condition, such as Tourette Syndrome, that adversely affects a student's educational performance. A medical assessment documenting the health problem is required.

10. "Preschool Child with a Disability" corresponds to preschool handicapped and means a child between the ages of three and five who either:

i. Is experiencing developmental delay, as measured by appropriate diagnostic instruments and procedures, in one or more of the areas in (c) 10 i (1) through (5) below and requires special education and related services. When utilizing a standardized assessment or criterion-referenced measure to determine eligibility, a developmental delay shall mean a 33 percent delay in one developmental area, or a 25 percent delay in two or more developmental areas.

- (1) Physical, including gross motor, fine motor and sensory (vision and hearing);
- (2) Intellectual;
- (3) Communication;
- (4) Social and emotional; and
- (5) Adaptive; or

ii. Has an identified disabling condition, including vision or hearing, that adversely affects learning or development and who requires special education and related services.

11. "Social Maladjustment" means a consistent inability to conform to the standards for behavior established by the school. Such behavior is seriously disruptive to the education of the student or other students and is not due to emotional disturbance as defined in (c) 5 above.

12. "Specific Learning Disability" corresponds to "perceptually impaired" and means a disorder in one or more of the basic psychological processes involved in understanding or using language, spoken or written, that may manifest itself in an imperfect ability to listen, think, speak, read, write, spell, or to do mathematical calculations, including conditions such as perceptual disabilities, brain injury, minimal brain dysfunction, dyslexia, and developmental aphasia.

i. A specific learning disability can be determined when a severe discrepancy is found between the student's current achievement and intellectual ability in one or more of the following areas:

- (1) Basic reading skills;
- (2) Reading comprehension;
- (3) Oral expression;
- (4) Listening comprehension;

- (5) Mathematical calculation;
- (6) Mathematical problem solving;
- (7) Written expression; and
- (8) Reading fluency.

ii. A specific learning disability may also be determined by utilizing a response to scientifically based interventions methodology as described in N.J.A.C. 6A:14-3.4(h)6.

iii. The term severe discrepancy does not apply to students who have learning problems that are primarily the result of visual, hearing, or motor disabilities, general cognitive deficits, emotional disturbance or environmental, cultural or economic disadvantage.

iv. The district shall, if it utilizes the severe discrepancy methodology, adopt procedures that utilize a statistical formula and criteria for determining severe discrepancy. Evaluation shall include assessment of current academic achievement and intellectual ability.

13. "Traumatic Brain Injury" corresponds to "neurologically impaired" and means an acquired injury to the brain caused by an external physical force or insult to the brain, resulting in total or partial functional disability or psychosocial impairment, or both. The term applies to open or closed head injuries resulting in impairments in one or more areas, such as cognition; language; memory; attention; reasoning; abstract thinking; judgment; problem-solving; sensory, perceptual and motor abilities; psychosocial behavior; physical functions; information processing; and speech.

14. "Visually Impaired" corresponds to "visually handicapped" and means an impairment in vision that, even with correction, adversely affects a student's educational performance. The term includes both partial sight and blindness. An assessment by a specialist qualified to determine visual disability is required. Students with visual impairments shall be reported to the Commission for the Blind and Visually Impaired.

RESOLVED, that the Board of Education accepts the recommendation of the Superintendent of Schools and approves the Blue Knights Academy to partner with the Bridge Inc. Youth Based Services program located in Irvington, NJ to provide Substance Abuse counseling and workshops to students at BKA. The rationale for the program includes the fact that many of our students have repressed trauma and use destructive coping mechanisms (i.e. marijuana, alcohol, and/or tobacco products). Our goal is to partner with The Bridge Inc. through group counseling sessions to help promote healthy habits and help them develop positive coping mechanisms. The goal of our holistic approach is to address the root causes of student substance usage in a positive and constructive manner and to provide our students with access to substance abuse counselors within the school setting. This would allow students to receive services on site in school in a non-punitive manner. The program will be offered one time per week for 45-minute sessions beginning March 2020 - June 2020. The program will be of no cost to the district.

Roll Call: Unanimously approved on a roll call vote.

Dr. April Vauss thanked the Board for their faith in her and embracing her in the Irvington District. She mentioned her start in the district as a teacher, a supervisor, principal, assistant superintendent and now a superintendent. She felt that Irvington was her home away from home being from Indiana. She pledged to work tirelessly improving things one student at a time. She thanked Dr. Hackett for her mentorship and for leaving a strong foundation for her to continue to build on. She thanked Mr. Lamptey and Mr. Monel for their help and support in her journey, even as she worked to get her Doctorate. She thanked her family who were back in Indiana and thanked her husband who had been such support for her, the backbone of their family and a model of excellence. Dr. Vauss stated she was ready to roll up her sleeves and get to work. She said there were perilous times ahead, but she believed she was created for times such as that and looked forward to the adventure ahead.

PUBLIC COMMENT:

Southward Council Woman Jamillah Beasley expressed her gratitude to Dr. Hackett for her time and commitment to the children of the Township of Irvington.

CLOSED SESSION

“In accordance with the New Jersey Open Public Meeting Act, be it hereby resolved that the Irvington Township Board of Education meet in closed session, April 8, 2020 at 5:30 p.m., at Thurgood Marshall Elementary School, 141 Montgomery Avenue, Irvington, New Jersey, to address confidential matters of personnel, negotiations, and/or attorney client privilege.

It is expected that the matters discussed will be made public at the time that the need for confidentiality no longer exists.”

President Williams cautioned that the April meeting may have to be virtual again.

Upon the motion by Gene Etchison, seconded by Ronald Brown and unanimously approved on a roll call vote, the Regular Public Meeting of the Irvington Board of Education adjourned at 4:33 pm
