

## Minor Child Consent form / ID & Insurance / Online registration

1. Each child must have on file a Minor Child Consent Form signed by their parent or legal guardian. We can also discuss an agreement between the BOE and our agencies in lieu of this to include an opt out feature for ease of execution.
2. They must provide the government issued photo ID for the parent signing.
3. If they are insured, they must bring a copy of their insurance card.
4. If they are not insured, they must provide their SSN #
5. Pre Registration is required. It moves the line along and provides an alternate means to retrieve test results.
