REPORT OF INDEPENDENT AUDITORS

Honorable President and Members
of the Board of Education
Township of Irvington School District
County of Essex, New Jersey

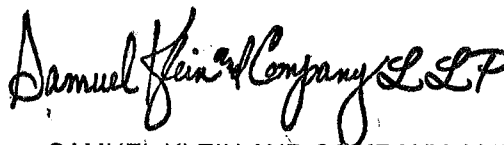

We have audited, in accordance with generally accepted auditing standards and *Government Auditing Standards* issued by the Comptroller General of the United States, the basic financial statements of the Irvington Township School District in the County of Essex for the fiscal year ended June 30, 2022, and have issued our report thereon dated April 4, 2023.

As part of our audit, we performed procedures required by the New Jersey Department of Education, and the findings and results thereof are disclosed on the following pages, as listed in the accompanying table of contents.

This report is intended solely for the information of the Irvington Township Board of Education's management and the New Jersey Department of Education. However, this report is a matter of public record and its distribution is not limited.

ADMINISTRATIVE FINDINGS - FINANCIAL, COMPLIANCE AND PERFORMANCE

Scope of Audit

The audit covered the financial transactions of the Board Secretary/Business Administrator and Treasurer of School Moneys, the activities of the Board of Education, the records of the various funds under the auspices of the Board of Education.

Administrative Practices and Procedures

Insurance

Insurance coverage was carried in the amounts as detailed on Exhibit J-20, Insurance Schedule, contained in the District's ACFR.

Official Bonds

<u>Name</u>	<u>Position</u>	<u>Amount</u>
Reginald Lamptey	Assistant Superintendent for Business	\$191,000.00
Roger Monel	Associate School Business Administrator	191,000.00
Julyana Ortiz	Treasurer of School Moneys	100,000.00
Omolabake Arowojolu	Comptroller	100,000.00

There is a Public Employees' Faithful Performance Blanket Bond with Hartford Fire Insurance Company covering all other employees with multiple coverage of \$275,000.00.

Tuition Charges

The District does not receive students from any sending district; therefore, this section is not applicable.

Financial Planning, Accounting and Reporting

Examination of Claims

An examination of claims paid during the period under review did not indicate any discrepancies with respect to signatures, certification or supporting documentation.

In verifying expenditures, computations were tested on claims approved and paid. No attempt was made in this connection to establish proof of rendition, character or extent of services, nor quantities, nature, propriety of prices or receipt of materials, these elements being left necessarily to internal review in connection with approval of claims.

Payroll Account and Position Control Roster

The net salaries of all employees of the Board were deposited in the Payroll Account. Employees' payroll deductions and employer's share of fringe benefits were deposited in the Payroll Agency Account.

All payrolls were approved by the Superintendent of Schools and certified by the President of the Board of Education and the Board Secretary/School Business Administrator.

Salary withholdings were promptly remitted to the proper agencies, including health benefits premium amounts withheld due to general fund.

The propriety of deductions from employee salaries for pensions, social security, withholding tax and other purposes from employee payrolls were not verified as part of this audit. Remittances of deductions and withholdings to authorized agencies, however, were ascertained.

Travel Reimbursement Policy

The required travel and related reimbursement policy was in accordance with N.J.A.C. 6A:23B-1.2(a).

Student Body Activities

Cash receipts and disbursement records were examined only insofar as the local records permitted. Our review of the student activity fund did not determine any exceptions.

Reserve for Encumbrances and Accounts Payable

A review of outstanding issued purchase orders was made as of June 30th for proper classification of orders as reserve for encumbrances and accounts payable.

Classification of Expenditures

The coding of expenditures was tested for proper classification in accordance with N.J.A.C. 6A:23A-16.2(f) as part of our test of transactions of randomly selected expenditure items. We also reviewed the coding of all expenditures included in our compliance and single audit testing procedures. In addition to randomly selecting a test sample, our sample selection specifically targeted administrative coding classifications to determine overall reliability and compliance with N.J.A.C. 6A:23A-8.3. There were minor transaction errors noted as a result of the procedures performed.

Board Secretary's/School Business Administrator's Records

The financial records, books of accounts and minutes maintained by the Board Secretary were in satisfactory condition. The prescribed contractual order system was followed.

The School District's double entry system of account records were maintained in accordance with the Department of Education's prescribed GAAP Technical Systems Manual, pursuant to N.J.S.A. 18A:4-14 and N.J.A.C. 6:20-2A.

Revenue and receipts were established and verified as to source and amount only insofar as the local records permitted.

Treasurer's Records

The Treasurer's records were found to be maintained properly.

Acknowledgment of the Board's receipt of the Treasurer's Report was included in the minutes.

Elementary and Secondary Education Act as Amended by the Every Student Succeeds Act (ESSA)

The E.S.E.A. financial exhibits are contained within the Special Revenue Section of the ACFR. This section of the CAFR documents the financial position pertaining to the projects under Titles I and VI of the Elementary and Secondary Education Act, as amended and reauthorized.

The study of compliance for E.S.E.A. indicated that there were no areas of noncompliance and/or questioned costs.

Other Special Federal and/or State Projects

The District's Special Projects were approved as listed on Schedule K-3 and Schedule K-4 located in the ACFR. Expenditures of federal and state financial assistance did meet the \$750,000.00 expenditure threshold requiring a federal and state single audit.

Our audit of the federal and state funds, on a test basis, indicated that obligations and expenditures were incurred during the fiscal year or project period for which the project was approved.

Other Special Federal and/or State Projects (Continued)

The financial exhibits are contained within the Special Revenue Section of the ACFR. This section of the ACFR documents the financial position pertaining to the aforementioned special projects.

The study of compliance for the special projects did not indicate any areas of noncompliance.

TPAF Reimbursement

Our audit procedures included a test of the biweekly reimbursements (electronic, but Districts can print out the DOENET screen for an auditor) filed with the Department of Education for District employees who are members of the Teachers' Pension and Annuity Fund. No exceptions were noted.

TPAF Reimbursement to the State for Federal Salary Expenditures

The reimbursements to the State for the amount of the expenditure charged to the current year's Final Report(s) for all federal awards for the school district to reimburse the State for the TPAF/FICA payments made by the State on-behalf of the school district for those employees whose salaries are identified as being paid from federal funds was made subsequent to the end of the 60 day grant liquidation period, but prior to the 90 days required by N.J.S.A. 18A:66-90. Accordingly, the expenditure was made in accordance with State law (90 days) and properly reported as obligated and not expended and as an unliquidated balance in the current year's Final Report(s) for all federal awards.

School Purchasing Programs

Contracts and Agreements Requiring Advertisement for Bids

The bid thresholds in accordance with N.J.S.A. 18A:18-2 is \$44,000.00 with a Qualified Purchasing Agent. The law regulating bidding for public school student transportation contracts under N.J.S.A. 18A:39-3 is \$19,600.00 for 2021 - 2022.

The Board of Education has the responsibility of determining whether the expenditures in any category will exceed the statutory thresholds within the contract year. Where question arises as to whether any contract or agreement might result in violation of the statute, the solicitor's opinion should be sought before a commitment is made.

Inasmuch as the system of records did not provide for an accumulation of payments for categories for the performance of any work or the furnishing or hiring of any materials or supplies, the results of such an accumulation could not reasonably be ascertained. Disbursements were reviewed, however, to determine whether any clear-cut violations existed.

The results of our examination indicated that no individual payments, contracts, or agreements were made for the performance of any work or goods or services, in excess of the statutory thresholds where there had been no advertising for bids in accordance with the provision of N.J.S.A. 18A:18A-4.

The system of records did not provide for an accumulation of purchases for which the School Board used contracts entered into by the State Department of Purchase and Property pursuant to Ch. 114, P.L. 1977, therefore, the extent of such purchases could not reasonably be ascertained.

Resolutions were adopted authorizing the awarding of contracts or agreements for "Professional Services" per N.J.S.A. 18A:18A-5.

Business-Type Activities

Enterprise Fund:

Food Service Fund:

The School District has contracted with Whitson Inc. to administer the Food Service Program for the District.

The food service management company (FSMC) is depositing and expending program monies in accordance with N.J.S.A. 18A:17-34 and 19-1 through 19-4.1. Provisions of the FSMC Cost Reimbursable or Fixed Price contract/addendum were reviewed and audited. The FSMC contract includes an operating results provision which guarantees that the Food Service Program will be profitable with certain other provisions. The operating results were met.

The statistical records of the School Food Service were maintained in satisfactory condition. The meal count records and eligibility applications were reviewed on a test basis. There were no exceptions.

Cash receipts and bank records were reviewed for timely deposit.

Expenditures were separately recorded as food, labor and other costs. Vendor invoices were examined and costs verified. Inventory records on food supply items were maintained and properly applied in determining the cost of food and supplies used.

The cash disbursements records reflected expenditures for program related goods and services. The appropriate revenue and expenditure records were maintained in order to substantiate the nonprofit status of the School Food.

Net cash resources did exceed the three months average expenditures. However the District has indicated it has plans to spend its excess cash on purchasing additional equipment in the next several months. As a result, no recommendation is necessarily required. In addition, this may have been caused by the COVID situation.

Time sheets were reviewed and labor costs verified. Payroll records were maintained on all School Food Service employees authorized by the Board of Education.

The number of meals claimed for reimbursement was compared to sales and meal count records. As part of the claims review process, the Edit Check Worksheet was completed. Reimbursement claims were submitted/certified in a timely manner.

Applications for free and reduced price meals were reviewed for completeness and accuracy. The number of free and reduced price meals claimed as served did not exceed the number of valid applications on file, times the number of operating days, on a school by school basis. The free and reduced price system is administered uniformly throughout the school system. The required verification procedures for free and reduced price applications were completed and available for audit.

Exhibits reflecting Child Nutrition Program operations are included in the section entitled Business-Type Activities, Enterprise Funds (Exhibit B-4 through B-6) in Section B of the ACFR.

It should be noted that the food service company has provided the required Report on Internal Controls of Service Organizations in accordance with the AICPA Statement on Standards for Attesting Engagements Number 16 (SSAE#16).

Business-Type Activities (Continued)

Enterprise Fund: (Continued)

Food Service Fund: (Continued)

Food Distribution Program Commodities were received during the period of audit. Inventory records on commodities are being maintained. The value of U.S.D.A. Commodities received during 2021-2022 was \$364,940.97. The inventory was maintained on a first-in, first-out basis.

The School District did provide the detailed revenue and expenditure information necessary in order to execute the USDA mandated Non-Program Food Revenue Tool at least annually.

Application for State School Aid

Our audit procedures included a test of information reported in the October 15, 2021 Application for State School Aid (ASSA) for on-roll, private schools for the handicapped, low-income, and bilingual. We also performed a review of the District procedures related to its completion. The information on the ASSA was compared to the District workpapers without exception. The information that was included on the workpapers was verified without exception. The results of our procedures are presented in the Schedule of Audit Enrollments.

The District maintained workpapers on the prescribed state forms or their equivalent.

The District has adequate written procedures for the recording of student enrollment data.

Pupil Transportation

Our audit procedures included a test of on-roll status reported in the 2020-2021 District Report of Transported Resident Students (DRTRS). The information that was included in our test was verified to the DRTRS Eligibility Summary Report without exception. The results of our procedures are presented in the Schedule of Audited Enrollment.

Our procedures also included a review of transportation related contracts and purchases. Based on our review, the District complied with proper bidding procedures and awards of contracts.

Testing for Lead of All Drinking Water in Educational Facilities

The School District adhered to all the requirements of N.J.A.C. 26-1.2 and 12.4 related to the testing for lead of all drinking water in educational facilities.

The School District did submit the Annual Statement of Assurance to the Department of Education pursuant to N.J.A. 6a:296-12.4(g).

Follow-Up on Prior Year's Findings

There were no audit findings in the prior year.

ACKNOWLEDGMENT

We received the complete cooperation of all the officials of the School District and greatly appreciate the courtesies extended to the members of the audit team.
