GOALS OF THE STUDENT CODE OF CONDUCT

In keeping with the District's mission statement, we believe that everyone has the right to a quality education in a safe, secure, positive, and productive learning environment.

This Code recognizes that the Irvington Public Schools has the responsibility to ensure that the school environment is safe for all students and school personnel and that it is important to provide students with a consistent set of expectations for behavior. It is expected that all students respect the rights of fellow students, personnel and others, and behave in a manner that does not violate school rules, procedures, Board policy or the law. Students shall be encouraged to seek assistance from school personnel to prevent or resolve conflicts and to report incidents or activities that may threaten or disrupt the educational environment. The Student Code of Conduct requires all students enrolled in the Irvington Public Schools to accept responsibility and the appropriate consequences for their actions and behavior. In general, the Student Code of Conduct establishes expectations for student behavior in eight (8) areas:

STUDENT CODE OF CONDUCT – GENERAL EXPECTATIONS

1. **Regular Attendance** – Students are expected to attend school regularly and to attend all classes.
2. **Punctuality** – Students are expected to be on time for school and classes.
3. **Work Habits** – Students are expected to be prepared for and to participate in each class, to meet performance standards, to have the necessary class materials, to complete class work and homework accurately and on time, and to prepare for quizzes, tests and examinations.
4. **Academic Honesty** – Students are expected to maintain the highest standards of honesty in their work. A student violates this when they misrepresent themselves by cheating, copying, plagiarizing, counterfeiting, using false identification, or making false reports by posing as a parent to excuse absences, tardiness, or to sign school related documents.
5. **Respect For Self And Others** – Students are expected to be honest, behave with dignity and treat others with respect and courtesy. Behavior of the individual should not interfere with the rights of others; this includes the use of appropriate language, actions and attire. Students are expected not to harass others verbally or physically. Students are expected to come to school free from the influence of tobacco products, alcohol or drugs. Students are expected to refrain from using or possessing such substances. Students should also refrain from any inappropriate touching and sexual contact.
6. **Respect For Authority** – Students are expected to comply with all school rules and to obey the laws. Students are expected to respond in a respectful manner to all adults while under the jurisdiction of the school and while participating in school-sponsored activities.
7. **Respect For Property** – Students are expected to treat all property belonging to the school and to others with care.
8. **Freedom From Fear** – Students are expected to contribute to a safe school environment free from fear. Acts of violence, Harassment, Intimidation, Bullying (HIB), weapons and contraband are never acceptable.

The disciplinary process set forth in the Student Code of Conduct is intended to be instructional and corrective, not punitive. All students shall be entitled to receive due process in the assignment of discipline such as administrative detention, in-school or out of school suspension or expulsion.

Information recorded on school surveillance equipment may be used as evidence in disciplinary and/or legal proceedings.

PROTOCOL FOR PARENTS/GUARDIANS REGARDING SCHOOL COMMUNICATION

During the course of the school year, situations may arise that require the parents/guardians of our students to contact someone for guidance. The following protocol has been established to provide guidance regarding to whom parents/guardians should address their questions and/or concerns to assure a prompt response. It is our hope that by following this process the District will be able to best meet the needs of students, parents/guardians and staff. By encouraging a proactive communication, we endeavor to increase collaboration and understanding with the ultimate goal of supporting what best meets the students' needs, while also balancing the needs of the school and the District.

It is recommended that parents/guardians contact the individual closest to the source of the question. For example, the child's teacher is the most appropriate person with whom to speak regarding a question about school progress, classroom behavior, and educational program as they are most familiar with the child. Parents/guardians may seek assistance from the building principal if further guidance is needed. Depending on the situation, the principal may refer parents/guardians to a specific department or person.

If additional assistance is required, the next step is for the parent/guardian to contact Patricia Wilson, Family/Community Advocate 973-399-6800 Ext. 1115.

Parent Teacher Association (PTA)

Parent Teacher Associations are school-based organizations open to all parents of children currently attending a public school. The PTA is a primary vehicle for parents to get involved in their children's schools.

The PTA helps parents become involved in their children's education, share ideas and enrich their school communities. While the specific roles of PTAs vary, among their responsibilities are electing parent members to serve on School Leadership Teams and Community Education Councils, conducting outreach to get other parents involved in school life, and supporting school activities like Parent-Teacher conferences, Open Houses and curriculum nights. Each PTA develops its own bylaws, elects officers, and holds regular meetings.

Parent Coordinators

Parent Coordinators serve as liaisons between the Irvington Board of Education and parents/guardians. Parent Coordinators interact with community based organizations and resources that are available to enhance the cooperation between the home, the student, the school, and the community. Parent Coordinators inform the Building Principal, Family/Community Advocate, and Superintendent of the needs and aspirations of parents/guardians.

DRESS CODE

Appropriate dress and grooming can help to create a positive learning environment. Students are required to wear school uniforms. Other attire may be allowed for special school activities with approval of the school administration and that of the Superintendent. DRESS CODE POLICY – IRVINGTON PUBLIC SCHOOLS

All students are expected to dress appropriately for school. STUDENTS DRESSED INAPPROPRIATELY WILL BE REMOVED FROM CLASS, AND THE PARENT/GUARDIAN WILL BE NOTIFIED AND ASKED TO BRING IN APPROPRIATE CLOTHING.

DRESS CODE POLICY PRE K - 12

On August, 2021, at its regular meeting, the Irvington Board of Education unanimously approved a **mandatory uniform policy** for all students in grades pre-k through 12.

All students started to wear the school's designated uniform from September, 2021 to date.

All students will be allowed to wear sneakers with their uniforms.

Enforcement:

1. Teaching staff members will report perceived violations of the dress code to the building principal, who will interpret and apply the code.
2. Pupils who publicly represent the school or a school organization at an activity away from the school district are required to dress in full accordance with the reasonable expectations of the staff member in charge of the activity. Pupils unwilling to comply with this requirement will disqualify themselves from participation.

Students who do not wear uniform will not have recess to after school privileges; ten (10) or more times of failure to wear uniforms could result in forfeiture of end of year activities. Parents/guardians who are having difficulty purchasing school uniforms should speak to the principal or parent coordinator.

DISCIPLINARY ACTIONS FOR INAPPROPRIATE BUS BEHAVIOR

Failure to comply with the Transportation Rules will result in disciplinary measures. All appropriate steps of notification and appeals procedures shall apply to bus suspensions as in cases of suspensions resulting from other school misconduct.

1. All bus drivers shall provide written notice to the Essex Regional Educational Services Commission.
2. The Educational Services Commission will forward the notice to the Director of Special Services, and if applicable, to the building principal.
3. For bus infractions, it shall be the responsibility of the Director of Special Services and/or the principal or his/her designee to take immediate, appropriate disciplinary action. The sequence of disciplinary action for misbehavior is listed below; however, serious infractions may require that the sequence be altered or sequence may be altered based on each individual student's disability.
 - a. **First Notice**— An administrative conference with principal or designee shall be held with the student. The student shall be warned and counseled. The parent/guardian shall be advised via telephone and by mail that further incident shall result in additional disciplinary action and the parent/guardian and student shall receive a copy of transportation rules.
 - b. **Second Notice**— An administrative conference with principal or designee shall be held with the student. The student may be given one (1) to three (3) days bus suspension. The parent/guardian shall be advised of the action taken by the administration via telephone and by written notice. A personal re-entry conference shall be held with the parent/guardian.

 - d. **Fourth Notice**— An administrative consultation shall be held with the Associate Business Administrator. The student may be given a minimum of thirty (30) days suspension or permanent denial of bus privileges at the Business Administrator's discretion.

School Administrators will determine the disciplinary action based on severity and frequency of referrals. Discipline actions may include but not be limited to, assigned seating, change of bus arrangements, notification to Case Manager and School Behavioral Team, student contract with consequences, counseling regarding bus riding behavior, parent/student conferences, meeting of IEP Team for purpose of adding strategies to address behavioral issues, additional training for bus staff, and suspension from bus.

Please also note that when a student is suspended from the bus for misconduct, it is the parent/guardian's responsibility to provide the child with transportation to and from school for the duration of the suspension.

Note: Any person, including, but not limited to, students, school employees, parents, other adults or juveniles, who enters on any school property, any school building, or school bus, may be video and/or audio taped as part of the measures taken by the District to provide a safe, secure, and orderly environment. Information recorded on school surveillance equipment may be used as evidence in disciplinary and/or legal proceedings.

STUDENTS IN SPECIAL EDUCATION PROGRAMS

In accordance with N.J.A.C. 6A:14-2.8:

- Discipline procedures for students in special education programs shall be individualized by the building principal in consultation with the Child Study Team and case manager.
- Discipline procedures for students with disabilities should be same as general education students, but consequences should be in consultation with Case Manager
- All disciplinary actions taken shall be recorded electronically.
- A multi-year history record of student infraction shall be maintained in the District Student-Data Management System.
- Students with educational disabilities shall be subject to the same disciplinary action and procedures as other students in cases involving suspensions of ten (10) days or less.
- Students with educational disabilities are also subject to suspensions which are longer than ten (10) days and possible expulsion from the School District if the Child Study Team determines that their behavior was not a manifestation of their disabilities.
- Note that pre-kindergarten students with disabilities may not be suspended or expelled from school.
- Case Managers must receive, upon student suspension, a copy of the suspension letter.

DISABLED PUPILS

Educationally disabled pupils are subject to the same disciplinary procedures as non-disabled pupils and may be disciplined in accordance with their Individual Educational Program. However, before disciplining a classified pupil, it must be determined that:

1. The pupil's behavior is not primarily caused by their disability; and
2. The program that is being provided meets the pupil's needs.

Staff shall comply with the regulations of the New Jersey Administrative Code in dealing with discipline and/or suspension of educationally disabled students.

STUDENT ATTENDANCE

School achievement begins with regular attendance. Parents/guardians must ensure that all school aged children in their care are in school on time daily. Additionally, school personnel must communicate any attendance problems or concerns to parents/guardians in a timely manner.

The most effective strategy to prevent unexcused and excessive absence is to be proactive, with the school, family, and the community working together. To this end, school personnel will report to the building principals or their designees their concerns about student behaviors that may be precursors to attendance problems. The building administration along with other appropriate school staff will work to address continuing student attendance issues by meeting with the student and parent/guardian and through other appropriate interventions and referrals.

5200- ATTENDANCE (M)

Section: Pupils

Date Created: June, 2010

Date Edited: May, 2015

In accordance with the provisions of N.J.S.A. 18A:38-25, every parent, guardian, or other person having control and custody of a child between the ages of six and sixteen shall cause the child to regularly attend school. The Board of Education requires students enrolled in the school district attend school regularly in accordance with the laws of the State.

In accordance with the provisions of N.J.A.C. 6A:16-7.6 and for the purposes of this Policy and Regulation 5200, a student's absence from school will be excused or unexcused that counts toward truancy.

Students that are absent from school for any reason are responsible for the completion of assignments missed because of their absence. A student who is absent from school for observing a religious holiday shall not be deprived of any award, eligibility, or opportunity to compete for any award, or deprived of the right to take an alternate test or examination that was missed because of the absence provided there is a written excuse of such absence signed by the parent.

Prolonged or repeated absences, excused or unexcused, from school or from class, deprive students of the educational and classroom experiences deemed essential to learning and may result in retention at grade level or loss of credit or removal from a course that would count toward the high school diploma in accordance with policies of this Board.

Students shall be subjected to the school district's response for unexcused absences that count toward truancy during the school year as outlined in N.J.A.C. 6A:16-7.6(a)4 and Regulation 5200.

Unexcused absences from school or from classes within the school day may subject a student to consequences that may include the denial of a student's participation in co-curricular activities and/or athletic competition. Repeated absences from school interfere with efforts of this Board and its staff in the maintenance of good order and the continuity of classroom instruction and such absences may result in the removal of the student from a class or course of study.

The Superintendent shall calculate and monitor the average daily attendance rate for the district and for each school in the district. Whenever the average daily attendance rate does not meet the New Jersey Department of Education requirements the Superintendent or designee shall develop a district improvement plan to improve student attendance pursuant to N.J.A.C. 6A:30-5.2.

DISTRICT PROCEDURES FOR STUDENT ATTENDANCE WARNING LETTERS

The Board of Education requires that students attend school regularly in accordance with the laws of the State. The educational program offered by this district is predicated on the presence of students and requires continuity of instruction and classroom participation. The regular contact of students with one another in the classroom and their participation in a well-planned instructional activity under the tutelage of a competent teacher are vital to this purpose.

Prolonged or repeated absences, excused or unexcused, from school or from class, deprive students of the classroom experience deemed essential to learning and may result in retention at grade level or loss of credit toward the high school diploma in accordance with policies of the Board of Education.

Excerpt taken from Board of Education Policy # 5200

Warning Letter

A Warning Letter is mailed home after a student has been absent 5 days.

Five-Day Notice

On the 10th day that a student is absent, the school will submit documentation to the District's Attendance Office. The Attendance Officer will mail home a "**Legal Notice to Parent/Guardian**" letter.

Request for Court Action

On the fifth day a student is absent after the date on the Legal Notice to Parent/Guardian, the school will complete a Request for Court packet. The Request for Court packet is comprised of the following:

- Student attendance records
- Copy of the Warning Letter
- Copy of the Five-Day Notice
- Copy of report card or grades
- Guidance Counselor's summary
- Nurse's summary
- Teachers' summaries

The Request for Court packet is forwarded by the District's Attendance Office to the Irvington Township Court for necessary action.

If the parent/guardian is mandated to appear in court, he/she is responsible for any court fees.

We encourage all students to attend school regularly so that they can receive a quality education that promotes college and career readiness.

EXCUSED/UNEXCUSED ABSENCES

Absences from school, including absence for any portion of the day, shall be considered excused under the following conditions:

- Student illness (physician's note will be required for continuous absences that exceed 3 consecutive days and will also be required for students who have been absent because of contagious or infectious diseases or conditions as designated by the New Jersey State Department of Health);
- Student recovery from an accident (as supported by a physician's note);
- Requirements of a student's individual health care plan;
- **Home Instruction**
- A death in the student's immediate family
- **Observance of the student's religion on a day approved for that purpose by the State Board of Education. This specific information may be found on the New Jersey Board of Education website;**
- The student's suspension from school (excluding a bus suspension);
- Requirements of the student's Individualized Education Program (IEP);
- The student's required attendance in court (copies of court papers should be submitted);
- **Interviews with an admissions officer of an educational institution or other education opportunities such as college visitations (limit of three);**
- Necessary and unavoidable medical or dental appointments that cannot be scheduled at a time other than the school day;
- **Participation in New Jersey's "Take Your Child to Work Day";**
- Such other cause, that in the judgment of the building principal, constitutes a good and sufficient cause for absence from school

Note: All absences appear on a student's official record regardless if the absence is excused or unexcused. Only the conditions noted above in bold will not count toward the New Jersey Department of Education's definition of chronic absenteeism. A student is defined as chronically absent if they miss 10% or more of the number of days enrolled in school for a given year.

"Unexcused absence" is a student's absence for all or part of a school day for any reason which does not fall into one of the Board approved categories of excused absences.

Examples of student unexcused absences include, but are not limited to the following:

- Family travel or vacations;
- Performance of household or babysitting duties; and
- Other daytime activities unrelated to the school program.

POSSIBLE CONSEQUENCES FOR A STUDENT WHO REGULARLY MISSES SCHOOL

- Denial of participation in co-curricular activities and extra-curricular activities
- Negative impact on student grades
- After school detention

- In-school suspension
- Saturday school detention
- Loss of course credit (high school only)
- Referral to Intervention & Referral Services (I&RS)
- Referral to the County Family Crisis Intervention Unit
- Referral to the Division of Child Protection and Permanency (DCPP)
- Retention in grade level
- Failure to satisfy graduation requirements
- Referral for outside interventions through the local courts
- Referral for alternative school placement

It is important to remember that parents/guardians should submit a note or medical documentation explaining each student absence. Such notes must be submitted within five (5) days of the student's return to school in order to consider the period of absence as excused.

It is also important to note that absences that occurred for reasons not included in the Attendance Policy or absences which are not accompanied with a written explanation within (5) days for an excuse will result in the student absence being recorded as unexcused. Students who accumulate ten (10) unexcused absences or who show a pattern of truancy will be referred to the District's Attendance Office. Additional unexcused absences or truancy will result in referral to the Irvington Municipal Court.

STUDENTS REPORTING LATE TO SCHOOL OR REQUESTING TO LEAVE SCHOOL EARLY

It is imperative for students to be on time at the beginning of the school day. Student attendance is recorded during this time.

Schools are required to admit students to school regardless of the time they arrive. However, students who arrive late to school must report first to the appropriate administrative office to be recorded present and to obtain a pass before being admitted to any class. At the elementary school level, grades K – 5, it is appropriate for a parent/guardian to sign the late student into school with the attendance secretary.

Excessive unexcused lateness to school or class will result in the appropriate level of school discipline.

The District recognizes that from time to time compelling circumstances will necessitate that a student arrives late to school or be dismissed before the end of the school day.

The following are acceptable reasons for a late arrival or early dismissal:

- Medical or dental appointments which cannot be scheduled outside of school hours;
- Requirements of a student's individual health care plan;
- Requirements of the student's Individual Education Program (IEP);
- Alternate short or long term accommodations for students with disabilities
- Medical disability;
- Motor vehicle driver's test;
- Interviews with an admissions officer of an educational institution, admissions testing, or other education opportunities such as college visitations (limit of three);

- Students are Family emergency;
- Court appearance;

Students are expected to make up any work they may have missed when they are absent from school or class.

Section: Program

Date Created: June, 2010

Date Edited: September, 2012

The Board of Education recognizes as new technologies shift the manner in which information is accessed, communicated, and transferred; these changes will alter the nature of teaching and learning. Access to technology will allow pupils to explore databases, libraries, Internet sites, and bulletin boards while exchanging information with individuals throughout the world. The Board supports access by

pupils to these information sources but reserves the right to limit in-school use to materials appropriate for educational purposes. The Board directs the Superintendent to effect training of teaching staff members in skills appropriate to analyzing and evaluating such resources as to appropriateness for educational purposes.

The Board also recognizes technology allows pupils access to information sources that have not been pre-screened by educators using Board approved standards. The Board therefore adopts the following standards of conduct for the use of computer networks and declares unethical, unacceptable, or illegal behavior as just cause for taking disciplinary action, limiting or revoking network access privileges, and/or instituting legal action.

The Board provides access to computer networks/computers for educational purposes only. The Board retains the right to restrict or terminate pupil access to computer networks/computers at any time, for any reason. School district personnel will monitor networks and online activity to maintain the integrity of the networks, ensure their proper use, and ensure compliance with Federal and State laws that regulate Internet safety.

Internet Safety Protection

As a condition for receipt of certain Federal funding, the school district shall be in compliance with the Children's Internet Protection Act, the Neighborhood Children's Internet Protection Act, and has installed technology protection measures for all computers in the school district, including computers in media centers/libraries. The technology protection must block and/or filter material and visual depictions that are obscene as defined in Section 1460 of Title 18, United States Code; child pornography, as defined in Section 2256 of Title 18, United States Code; are harmful to minors including any pictures, images, graphic image file or other material or visual depiction that taken as a whole and with respect to minors, appeals to a prurient interest in nudity, sex, or excretion; or depicts, describes, or represents in a patently offensive way, with respect to what is suitable for minors, sexual acts or conduct; or taken as a whole, lacks serious literary, artistic, political, or scientific value as to minors.

This Policy also establishes Internet safety policy and procedures in the district as required in the Neighborhood Children's Internet Protection Act. Notwithstanding blocking and/or filtering the material and visual depictions prohibited in the Children's Internet Protection Act and the Neighborhood Children's Internet Protection Act, the Board shall determine other Internet material that is inappropriate for minors.

In accordance with the provisions of the Children's Internet Protection Act, the Superintendent of Schools or designee will develop and ensure education is provided to every pupil regarding appropriate online behavior, including pupils interacting with other individuals on social networking sites and/or chat rooms, and cyber bullying awareness and response.

The Board will provide reasonable public notice and will hold one annual public hearing during a regular monthly Board meeting or during a designated special Board meeting to address and receive public community input on the Internet safety policy - Policy and Regulation 2361. **Any changes in Policy and Regulation 2361 since the last annual public hearing will also be discussed at a meeting following the annual public hearing.**

PROHIBITED ITEMS

Bringing cigarettes, any other tobacco products, lighters, radios, tape recorders, IPOD, electronic music devices, game systems, MP3 players, cellular phones, walkie-talkies, cameras, skateboards, scooters, musical instruments (other than used by band members), laser pointers, and any other dangerous, illegal or disturbing articles to school is strictly prohibited. Such items have no place in the academic environment. When such items are brought to school, they will be subject to confiscation by teachers or administrators. Suspension is a possible penalty. Confiscated items will be returned to a parent/guardian. ***We understand that cell phones are prevalent in today's society; if students bring cell phones to school they should be concealed and turned off. If any staff member sees or hears a cell phone the phone will immediately be taken away and given to an administrator. Parent may be required to pick it up.**

The school will not be held responsible for any item that is not picked up by a parent/guardian within 30 days from the time it was taken from the student. After 30 days, the item will be stored away with other lost and found items. Parents/guardians must be able to verify student ownership if student's name is not on the item.

The Irvington Board of Education is not responsible for the replacement or compensation of any lost or stolen items brought into the building at any time.

Any item brought on school grounds is done so at the risk of the individual.

We further emphasize that no items of value be brought to the physical education classes. We will not be responsible for any items lost or stolen in the locker room.

HARASSMENT - INTIMIDATION – BULLYING (HIB)

The Board expects all pupils and employees to treat each other with civility and respect and provides programs to promote these virtues. Disruptive or violent behavior interferes with a pupil's ability to learn and a school's ability to educate its pupils in a safe environment. The Board recognizes its duty to ensure a safe school climate and has adopted policies and programs governing acceptable student conduct. The State has mandated that the Board further address this duty by the adoption of a specific policy addressing incidents of harassment, intimidation or bullying. Hence, the Board prohibits acts of harassment, intimidation or bullying against any pupil.

The Board also recognizes that there are rights and freedoms accorded to students enrolled in the public education system, and that it has a responsibility to protect those rights and freedoms. Among these rights is a student's right to be treated with respect and freedom from the fear of being threatened by another individual, whether it is on school grounds, at any school-sponsored function, or on a school bus.

5512- HARASSMENT, INTIMIDATION, AND BULLYING – District Policy

Section: Pupils

Date Created: June, 2010

Date Edited: September 19, 2018

A. Policy Statement

The Board of Education prohibits acts of harassment, intimidation, or bullying of a student. A safe and civil environment in school is necessary for students to learn and achieve high academic standards. Harassment, intimidation, or bullying, like other disruptive or violent behaviors, is conduct that disrupts both a student's ability to learn and a school's ability to educate its students in a safe and disciplined environment. Harassment, intimidation, or bullying is unwanted, aggressive behavior that may involve a real or perceived power imbalance. Since students learn by example, school administrators, faculty, staff and volunteers should be demonstrating appropriate behavior, treating others with civility and respect, and refusing to tolerate harassment, intimidation, or bullying.

For the purposes of this Policy, the term "parent," pursuant to N.J.A.C. 6A:16-1.3, means the natural parent(s) or adoptive parent(s), legal guardian(s), foster parent(s), or parent surrogate(s) of a student. Where parents are separated or divorced, "parent" means the person or agency which has legal custody of the student, as well as the natural or adoptive parent(s) of the student, provided such parental rights have not been terminated by a court of appropriate jurisdiction.

B. Harassment, Intimidation, and Bullying Definition

“Harassment, intimidation, or bullying” means any gesture, any written, verbal or physical act, or any electronic communication, as defined in N.J.S.A. 18A:37-14, whether it be a single incident or a series of incidents that:

1. Is reasonably perceived as being motivated by either any actual or perceived characteristic, such as race, color, religion, ancestry, national origin, gender, sexual orientation, gender identity and expression, or a mental, physical or sensory disability, or by any other distinguishing characteristic;
2. Takes place on school property, at any school-sponsored function, on a school bus, or off school grounds, as provided for in N.J.S.A. 18A:37-15.3;
3. Substantially disrupts or interferes with the orderly operation of the school or the rights of other students; and that
 - a. A reasonable person should know, under the circumstances, that the act(s) will have the effect of physically or emotionally harming a student or damaging the student's property, or placing a student in reasonable fear of physical or emotional harm to his/her person or damage to his/her property; or
 - b. Has the effect of insulting or demeaning any student or group of students; or
 - c. Creates a hostile educational environment for the student by interfering with a student's education or by severely or pervasively causing physical or emotional harm to the student.

Schools are required to address harassment, intimidation, and bullying occurring off school grounds, when there is a nexus between the harassment, intimidation, and bullying and the school (e.g., the harassment, intimidation, or bullying substantially disrupts or interferes with the orderly operation of the school or the rights of other students).

“Electronic communication” means a communication transmitted by means of an electronic device, including, but not limited to: a telephone, cellular phone, computer, or pager.

C. Student Expectations

The Board expects students to conduct themselves in keeping with their levels of development, maturity and demonstrated capabilities with proper regard for the rights and welfare of other students and school staff, the educational purpose underlying all school activities and the care of school facilities and equipment consistent with the Code of Student Conduct.

The Board believes that standards for student behavior must be set cooperatively through interaction among the students, parents, school employees, school administrators, school volunteers, and community representatives, producing an atmosphere that encourages students to grow in self-discipline. The development of this atmosphere requires respect for self and others, as well as for school district and community property on the part of students, staff, and community members.

Students are expected to behave in a way that creates a supportive learning environment. The Board believes the best discipline is self-imposed, and it is the responsibility of staff to use instances of violations of the Code of Student Conduct as opportunities to help students learn to assume and accept responsibility for their behavior and the consequences of their behavior. Staff members who interact with students shall apply best practices designed to prevent student conduct problems and foster students' abilities to grow in self-discipline.

The Board expects that students will act in accordance with the student behavioral expectations and standards regarding harassment, intimidation, and bullying, including:

1. Student responsibilities (e.g., requirements for students to conform to reasonable standards of socially accepted behavior; respect the person, property and rights of others; obey constituted authority; and respond to those who hold that authority);
2. Appropriate recognition for positive reinforcement for good conduct, self-discipline, and good citizenship;
3. Student rights; and
4. Sanctions and due process for violations of the Code of Student Conduct.

Pursuant to N.J.S.A. 18A:37-15(a) and N.J.A.C. 6A:16-7.1(a)1, the district has involved a broad-base of school and community members, including parents, students, instructional staff, student support services staff, school administrators, and school volunteers, as well as community organizations, such as faith-based, health and human service, business and law enforcement, in the development of this Policy. Based on locally determined and accepted core ethical values adopted by the Board, pursuant to N.J.A.C. 6A:16-7.1(a)2, the Board must develop guidelines for student conduct pursuant to N.J.A.C. 6A:16-7.1. These guidelines for student conduct will take into consideration the developmental ages of students, the severity of the offenses and students' histories of inappropriate behaviors, and the mission and physical facilities of the individual school(s) in the district. This Policy requires all students in the district to adhere to the rules established by the school district and to submit to the remedial and consequential measures that are appropriately assigned for infractions of these rules.

Pursuant to N.J.A.C. 6A:16-7.1, the Superintendent must annually provide to students and their parents the rules of the district regarding student conduct. Provisions shall be made for informing parents whose primary language is other than English.

The district prohibits active or passive support for acts of harassment, intimidation, or bullying. Students are encouraged to support other students who:

1. Walk away from acts of harassment, intimidation, and bullying when they see them;
2. Constructively attempt to stop acts of harassment, intimidation, or bullying;
3. Provide support to students who have been subjected to harassment, intimidation, or bullying; and

4. Report acts of harassment, intimidation, and bullying to the designated school staff member.

D. Consequences and Appropriate Remedial Actions

Consequences and Appropriate Remedial Actions – Students

The Board of Education requires its school administrators to implement procedures that ensure both the appropriate consequences and remedial responses for students who commit one or more acts of harassment, intimidation, or bullying, consistent with the Code of Student Conduct. The following factors, at a minimum, shall be given full consideration by school administrators in the implementation of appropriate consequences and remedial measures for each act of harassment, intimidation, or bullying by students.

Appropriate remedial action for a student who commits an act of harassment, intimidation, or bullying that takes into account the nature of the behavior; the nature of the student's disability, if any, and to the extent relevant; the developmental age of the student; and the student's history of problem behaviors and performance. The appropriate remedial action may also include a behavioral assessment or evaluation including, but not limited to, a referral to the Child Study Team as appropriate; and supportive interventions and referral services, including those at N.J.A.C. 6A:16-8.

Factors for Determining Consequences – Student Considerations

1. Age, developmental and maturity levels of the parties involved and their relationship to the school district;
2. Degrees of harm;

incident. All Board members, school employees, and volunteers and contracted service providers who have contact with students, also shall submit a report in writing to the Principal within two school days of the verbal report.

The Principal or designee will inform the parents of all students involved in alleged incidents, and, as appropriate, may discuss the availability of counseling and other intervention services. The Principal or designee shall take into account the circumstances of the incident when providing notification to parents of all students involved in the reported harassment, intimidation, or bullying incident and when conveying the nature of the incident, including the actual or perceived protected category motivating the alleged offense. The Principal, upon receiving a verbal or written report, may take interim measures to ensure the safety, health, and welfare of all parties pending the findings of the investigation.

Students, parents, and visitors are encouraged to report alleged violations of this Policy to the Principal on the same day when the individual witnessed or received reliable information regarding any such incident.

A person may report, verbally or in writing, an act of harassment, intimidation, or bullying committed by an adult or youth against a student anonymously. The Board will not take formal disciplinary action based solely on the anonymous report.

A Board member or school employee who promptly reports an incident of harassment, intimidation, or bullying and who makes this report in compliance with the procedures set forth in this Policy, is immune from a cause of action for damages arising from any failure to remedy the reported incident.

In accordance with the provisions of N.J.S.A. 18A:37-18, the harassment, intimidation, and bullying law does not prevent a victim from seeking redress under any other available law, either civil or criminal, nor does it create or alter any tort liability.

The district may consider every mechanism available to simplify reporting, including standard reporting forms and/or web-based reporting mechanisms. For anonymous reporting, the district may consider locked boxes located in areas of a school where reports can be submitted without fear of being observed.

A school administrator who receives a report of harassment, intimidation, and bullying from a district employee, and fails to initiate or conduct an investigation, or who should have known of an incident of harassment, intimidation, or bullying and fails to take sufficient action to minimize or eliminate the harassment, intimidation, or bullying, may be subject to disciplinary action.

DISCIPLINE FOR ALL ACTS OF STUDENT MISBEHAVIOR

DISCIPLINE PROCESS

The discipline process is triggered when a student engages in misconduct that is observed by a school employee or when an investigation from a complaint or anonymous tip is completed. Faculty use of behavior management strategies in their classroom is considered the first line of discipline for minor misconduct. As such, teachers will utilize the following progressive strategies prior to referring a student for administrative disciplinary action (this is not a comprehensive list):

- conferencing with the student;
- contacting the student's parent/legal guardian;
- assigning a teacher detention;
- seeking assistance from various resources to create a plan to support the student with meeting positive behavioral expectations;
- documenting student misconduct on discipline referral form.

MISCONDUCT WARRANTING ADMINISTRATIVE ACTION

The student may be referred to the building administrator when a) the nature of the misconduct warrants immediate attention, and/or b) problem behavior continues despite the use of teacher-mediated behavior management and disciplinary strategies.

Administrators who receive students for disciplinary action consider the type, scope, and severity of the infraction in order to assign an appropriate consequence within the framework provided in the Code of Conduct.

Misconduct that warrants the lowest consequence level is characterized as a first offense or an isolated incident. Misconduct that warrants a higher consequence level is characterized by multiple offenses documented by the referring teacher and/or multiple referrals to the building administrator.

LEVELS OF DISCIPLINARY CONSEQUENCES

The Student Code of Conduct will be enforced on all school grounds, traveling to and from school, at all school activities, functions and events wherever they are located. Students who commit behavioral violations are subject to disciplinary actions. These may be undertaken by teachers, counselors, administrators or other school personnel. The action is determined by federal, state and city laws and by administrative and School Board policies.

Although corporal punishment is prohibited, physical restraint may be used by school personnel in some situations. For example, reasonable physical restraint may be used when necessary to stop a disturbance, prevent physical injury to any person, protect property, or to remove a disruptive student from school premises or school-sponsored activities.

Level 1 – School personnel will conduct administrative conferences and provide support for violations of the Student Code of Conduct that involve the students, parents/guardians, school personnel, and legal law enforcement as is appropriate. Level 1 can include Home for Parent.

Level 2 – Consequences will include conferencing, assignment of detention, in school suspension, Home for Parent, or other disciplinary remedies, but not out-of-school suspension.

Level 3 – Out of school suspension shall be given. At this level the student shall be removed from the school for a short time in accordance with School Board policies and State Law. A suspension of one to four (1 - 4) days requires a parent conference to return to school;

Note – For Levels 1, 2 and 3 excessive cumulative suspensions at any level in a single year may result in:

- referral to guidance counselor, HSSC, I & RS (Intervention & Referral Service) or Child Study Team (CST);
- change in academic placement;
- additional behavioral intervention;
- movement to Level 4.

Level 4 – At this level there will be a mandatory ten (10) day suspension of the student accompanied by an assessment for future placement. The student's records will be reviewed by the building administration to determine if the discipline infraction requires program modification and/or expulsion.

A written summary of the building administration's assessment, along with recommendations and/or actions taken will be presented to the Superintendent of Schools for further action, including expulsion.

At all Levels repeated violations may increase the severity of the consequences. Administrators charged with the responsibility of creating and maintaining a safe and drug free environment may find it necessary to use options and procedures not covered in these action levels.

Definitions of Level I and II Consequences

Teacher Detention:	Shall be used to correct classroom issues. The parent or guardian will be advised that the student will be coming in early or staying late in order to serve detention time.
Administrative Detention (Saturday Detention):	Shall be used to correct issues related to inappropriate behavior, attendance, dress code violations and all other infractions deemed necessary by administration. The parent or guardian will be advised that the student has been assigned Saturday Detention.
Home For Parent:	A letter sent home with the student that requires the parent to return with the child to school on the next school day.
In School Suspension:	Shall be used to place student in a controlled academic setting while resolving school rule or behavior issues. Students will complete course work while in In-School Suspension.

Definitions of Level III and IV Consequences

Suspension: A suspension shall be reported to the student's parent/guardian immediately. The student is to serve the suspension only after the parent/guardian has been personally notified of the date(s) and the reason(s) for the suspension by a building administrator. The parent/guardian shall also be notified that a full formal hearing is required if the suspension exceeds ten (10) days, and shall be apprised of the rules, regulations, and appeal process related to a suspension. The parent/guardian may be initially notified of the suspension by telephone; however, the parent/guardian must subsequently be notified of all suspension in writing.

A student on suspension shall not be at any Irvington school or loiter near any such school either during or after school hours. A student who arrives at school while on suspension may be escorted, if necessary, back to his or her residence or place where parent, guardian, or emergency contact person is located. Police intervention may be sought for students who "trespass" on school property during the time of suspension.

In all cases of suspension, an "in person" parent/guardian conference shall be mandatory before the student is readmitted. In unusual circumstances, a responsible adult designated by the parent/guardian may be present at the conference in lieu of the parent/guardian.

During the period of suspension, the student has the obligation to keep up with his/her work.

- I. It shall be the responsibility of the student and/or his or her parent/guardian to obtain all assigned work.

- II. The student or parent/guardian shall have the responsibility for obtaining the assignment in a manner prescribed by the school.
- III. There shall be a reasonable deadline for completing the schoolwork.
- IV. Makeup work completed by the student within this policy and school procedures shall be given full credit.
- V. If the suspension is for four (4) days or fewer, the student shall be afforded the right to an informal hearing as soon as practical after the occurrence of the misconduct.
- VI. Long-term Suspension – Whenever a student commits an offense for which the penalty established or proposed to be imposed involves a suspension for a period longer than ten (10) days may result in expulsion, the following procedure shall be invoked:
 - a. a formal hearing shall be scheduled as soon as possible after the suspension of the student;
 - b. the formal hearing shall include the accused student's right to:
 - 1. written or oral notification of the charges against him or her;
 - 2. the names of the witnesses;
 - 3. copies of the statements and affidavits of those witnesses;
 - 4. the opportunity to be heard in his or her own defense;
 - 5. the opportunity to question the adverse witnesses;
 - 6. the opportunity to present witnesses and evidence in his or her own defense;
 - 7. the opportunity to cross-examine adverse witnesses;
 - 8. the opportunity to be represented by counsel.
- VII. The student is entitled to request a full formal hearing before the Board of Education in cases involving more than a ten (10) day suspension, where an "unusual situation" is involved.

The suspension of a student shall be reported to the Superintendent of Schools, who shall then report the suspension to the Board of Education at its next regular Board meeting. No suspension by a principal may be continued beyond the second regular meeting of the Board of Education unless the Board of Education continues the suspension. The suspended student may be reinstated by the principal (or the Superintendent) prior to the second meeting of the Board.

The educational services provided, either in school or out-of-school, shall be comparable to those provided in the public schools for students of similar grades and attainments, pursuant to N.J.S.A. 18A:38-25.

An appeal of the Board's decision regarding the cessation of the student's general education program shall be made to the Commissioner of Education in accordance with N.J.S.A. 18A:6-9 and N.J.A.C. 6A:3-1.3 through 1.17. The Board shall continue to provide an appropriate educational program or services in accordance with N.J.A.C. 6A:16-7.4(a)2 until a final determination has been made on the appeal of the Board's action to expel a student.

A student with a disability shall only be expelled from his or her current program in accordance with N.J.A.C. 6A:14 et seq. An expulsion of a student with a disability from a receiving school shall be handled in accordance with N.J.A.C. 6A:14 et seq.
